

Session Title	College/ Department	Description
Insect Zoo	K-State Gardens	Enjoy live animal interactions on a guided tour, information about the animals we keep, and explore our exhibits
Tap To Togetherness	Arts & Sciences	This interactive session will feature a LIVE performance by the K-State Tap Dance Ensemble, involve and interactive tap experience for all ages, and showcase collaborative research involving the Dance Program, College of Human Ecology/Family Studies, Research and Extension, and community partner Parents as Teachers.
Creating Landscape	Architecture, Planning & Design	Using Moon Sand as a medium, participants are provided with an opportunity to explore the concept of topography through forming their own version of “land.” Get creative and paint a small terra cotta pot! Then fill them with soil and interact with living plants by planting seeds.
Meet the Art	Beach Museum of Art	Join us for a tour and art project at the Marianna Kistler Beach Museum of Art!
STEM/Life Science Lab	College of Education	Students are invited to an investigatory lab session exploring subject matters in STEM (Science, Technology, Engineering, and Mathematics) and life sciences!
Drones and Journalism	A.Q. Miller School of Journalism and Mass Communication	Learn how flying drones can contribute to good journalism today! Students will have the opportunity to see a flying drone in action, and to interact with a flying drone simulator.
College of Engineering Session	Engineering	*TBD
Why Does Kansas Rock?	Geology, Arts & Sciences	Through hands on activities focused on explaining the importance of Newtonian and non-Newtonian fluids, families will be able to explore viscosity differences by walking through water and walking on Ooblek.
Be an Ice- Cream Entrepreneur	Entrepreneurship Center, College of Business	Develop the most popular and cost efficient ice cream sundae. Winners will receive a prize! All participants will get to enjoy ice cream.
N/A	Band	This is not a session - the band will come during the ice cream social
Tour	Athletics, Veterinary Medicine, Rec Complex	Tour of Intercollegiate Rowing Center, Ice Family Basketball Center, Bramlage Coliseum, Chester E. Peters Recreation Complex, and K-State’s Veterinary Health Center

*TBD- The Colleges have committed to providing a session for our guests. Updates will be made once information is available.
